NOTES TO THE FINANCIAL STATEMENTS AT 31ST DECEMBER, 1978

1. ACCOUNTING POLICIES

The principal accounting policies adopted and applied on a basis consistent with the previous year are as follows:—

1.1 Bad and doubtful debts

Advances are stated after deduction of provisions for bad and doubtful debts.

1.2 Depreciation

Equipment and furniture are depreciated on a straight line basis at rates considered appropriate to write off the assets over their anticipated economic lives.

Depreciation has been provided on freehold land and buildings at 1% per annum.

1.3 Assets under lease

Leasing contracts are regarded as financing transactions and the total rental instalments receivable thereunder, less unearned finance charges, are included in advances and other accounts in the balance sheet. Interest income is taken to revenue over the period of the lease in proportion to the capital balance outstanding.

1.4 Foreign currencies

Assets and liabilities in foreign currencies have been converted at rates of exchange ruling at the financial year end.

1.5 Deferred taxation

Recognition is given in the accounts to deferred taxation which arises from timing differences resulting from the accounting and taxation treatment of leasing income, depreciation of fixed assets and the bad and doubtful debts provisions.
